Improving Shelter Responses to Humanitarian Crises

Neill Garvie, Christian Aid
Victoria Maynard, Habitat for Humanity GB
Aims, objectives, partners

- To review shelter response programmes of CA and HFH.
- Provide evidence of success, failures, and lessons from shelter projects.
- Commission of 3 research projects:
  - Arup ID: Haiti, The Philippines
  - SaferWorld Communications: India, Bangladesh
  - HFHI: Indonesia.
## HFH/CA Mapping

### Disaster Events

- Haiti earthquake
- Cyclone Washi
- Cambodia Flooding
- Cyclone Washi
- Tsunami (Thailand)
- Tsunami (Indonesia)
- Typhoon Ketsana (Vietnam)
- Typhoon Ketsana (Philippines)
- Hurricane Ivan
- Angola conflict
- Tsunami (Indonesia)
- Tsunami (Thailand)
- Burundi returnees
- Typhoon Xangsane
- Sierra Leone conflict
- Typhoon Reming
- Sumatra earthquake
- Haiti earthquake
- Cyclone Washi

### Other Events

- Honduras
- Darfur Conflict
- Congo Conflict
- Cyclone Nargis
- Kashmir Earthquake (Pakistan)
- Typhoon Ketsana
- Typhoon Ketsana (Philippines)
- Cyclone Sidr
- Congo Conflict
- Cyclone Nargis
- Kashmir Earthquake (Pakistan)
- Darfur Conflict
- Tsunami (Thailand)
- Tsunami (Indonesia)
- Cyclone Sidr
- Haiti Earthquake
- Bangladesh In Flooding
- Kashmir Earthquake (Indonesia)
Research Framework

1. **Relevance:** was the project in line with local needs and priorities (as well as donor policy) at the time of implementation?

2. ** Appropriateness:** was the project tailored to local needs, increasing ownership, accountability and cost-effectiveness accordingly?

3. **Economy:** did the organisation or its partners buy inputs of the appropriate quality at the right price from the right place?

4. **Efficiency:** how well were inputs converted into outputs?

5. **Effectiveness:** how well are the outputs from an intervention achieving the desired outcomes on poverty reduction?

6. **Integration:** did the project take a holistic, integrated approach to solving the interconnected problems faced by communities?

7. **Impact:** what were the short- and long-term impacts of the project – social, economic, technical, and environmental – on individuals, gender- and age-groups, communities and institutions?

Preliminary Findings

Indonesia:

- Core homes/cash and technical assistance
- WATSAN, schools, community engagement, environmental impact
- Focused on women and vulnerable groups
- Project size/timeframe driven by donors
- Socio-economic impact beyond completion?
Learning and next steps

Process:
• Common framework and methodology, different partners and contexts

Findings:
• Complementary strengths of HFH/CA

Next steps:
• Synthesise and share findings
• Future research/programme partnerships
