Shelter Projects - some key questions

How do we learn as a sector?

What works and what doesn't?

What is the story that this project can tell?

[2010](#)

[2009](#)

[2008](#)

This website also contains pdf versions of two books of technical shelter designs. These examples are included in the table below.

The Shelter Projects series is an initiative funded and led by UNHCR, UN-HABITAT and IFRC. The case studies are the work of many [implementing organisations](#).

Find a case study - Table and Map

Use the map to select a country which will filter the table below. Alternatively, use the table filters.

The countries on this map do not imply official endorsement or acceptance.

The table below can be filtered by country, date range or article/emergency type. Use the "search" box to carry out a free-text search. Clicking a country on the map will filter the table - if the country has no documents no results will be returned. Clear the filters by clicking on the "CLEAR FILTERS" button.

Note that some case studies are grouped together into one pdf when they relate to the same emergency.

Click the green expansion buttons to see extra information. Clicking on a Title will open a pdf of the article.

This summary document includes the case studies that have been submitted and pre-selected up to...

OVERVIEW -

Shelter Projects is a series of case-study compilations which illustrate some of the project options available to agencies and institutions working in humanitarian shelter. Through annual (2008, 2009, 2010) or biannual (2011-2012; 2013-2014) publications, Shelter Projects aim to improve the capacity of humanitarian actors to meet the sheltering needs of disaster and conflict affected populations, by disseminating shelter responses and learning from the experiences. For further information on Shelter Projects and to download previous editions, please visit www.shelterprojects.org

This Working Group will work on developing the "Shelter Projects 2015-2016" publication.

The participating agencies include IFRC, UNHCR, UN Habitat, IOM, Habitat for Humanity, USAID-OFDA, CRS, NRC and World Vision
