

Shelter – nexus of nexuses?

Huge range of possible response options = varied skills

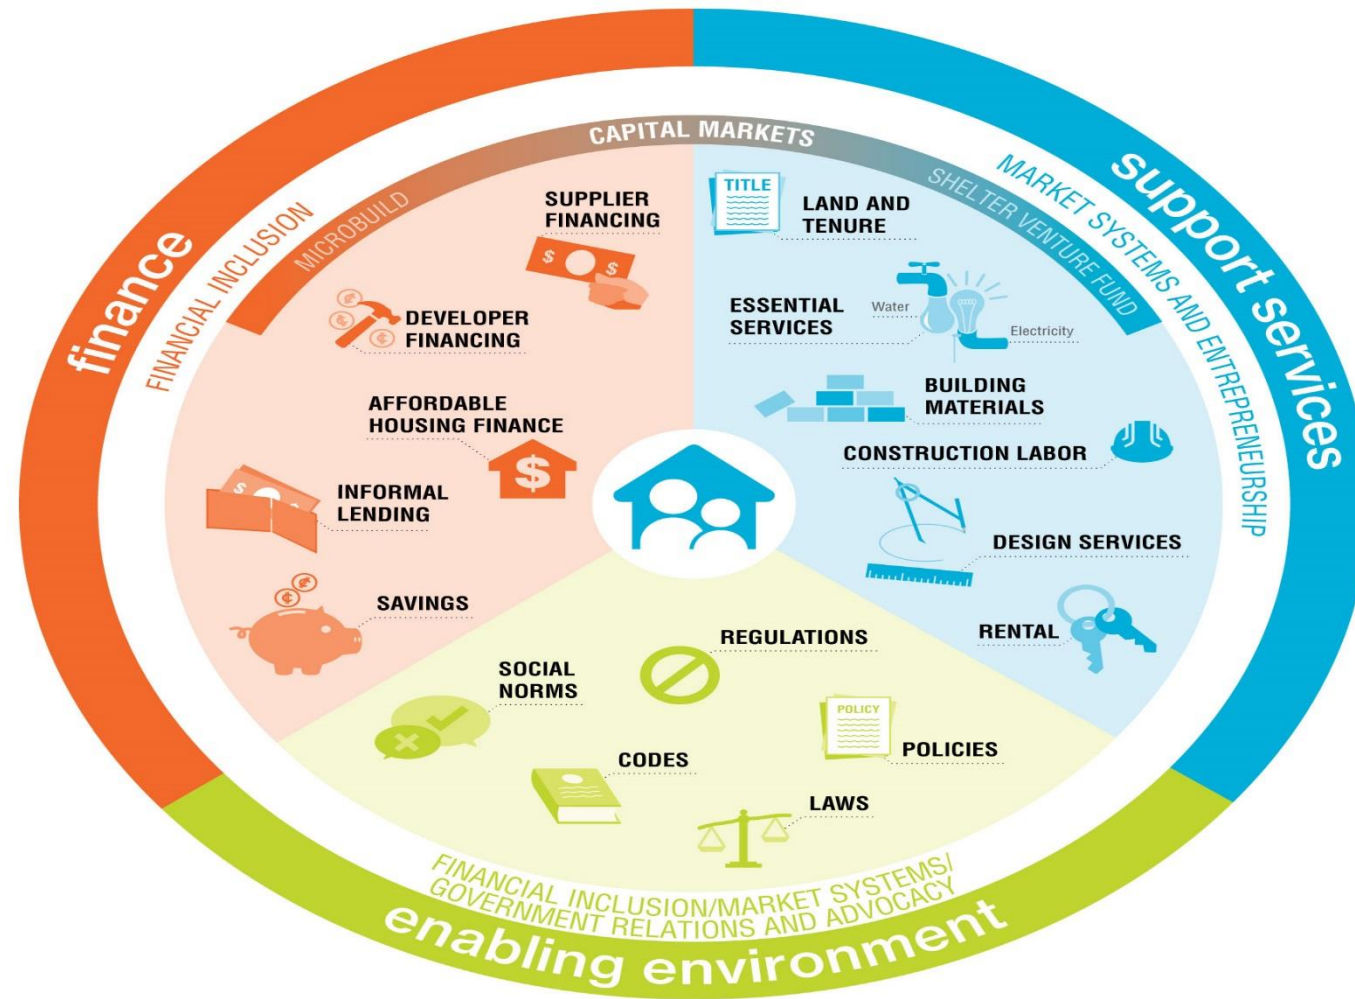

Built Environment sector = varied skills (collaborators?)

(Please excuse lack of diversity...)

Housing market system shows other key skills/knowledge

But ever more considerations.....

- Environment
- Energy
- Communicating
- Influencing decision making
- Health
- Livelihoods
- Etc ad nauseam

But presents opportunities to work with others, to keep learning and evolving the sector

STAY CURIOUS, *my friends*
THINK RESPONSIBLY
